Coastline Community College
Ms. Nancy Jones
Dean, Department of Career and Technical Education
11460 Warner Avenue
Fountain Valley, California 92708-2597

Ms. Jones:

I am pleased to inform you that the National Security Agency and the Department of Homeland Security have designated Coastline Community College as a National Center of Academic Excellence in Information Assurance/Cybersecurity through academic year 2019.

Your ability to meet the increasing demands of the program criteria will serve the nation well in contributing to the protection of the National Information Infrastructure. The Presidents' National Strategy to Secure Cyberspace, February 2003, and the International Strategy for Cyberspace, May 2011, addresses the critical shortage of professionals with these skills and highlights the importance of higher education as a solution to defending America's cyberspace. "Like all nations, the United States has a compelling interest in defending its vital national assets, as well as our core principles and values, and we are committed to defending against those who would attempt to impede our ability to do so." Education is the key to promoting these ideals.

We appreciate your participation in this program and look forward to presenting your certificate at a formal ceremony in June 2015.

Sincerely,

\s\

Denisha Jackson
National CAE2Y Program Manager, NSA
